BILLING APP FOR SMALL BUSINESSES

Professional bills in seconds. Sent on WhatsApp.

Built for dry cleaners, tailors, repair shops and every counter that bills customers daily. Simple, fast and made for the way small shops work.

- Create a bill in a few taps
- Send a PDF invoice on WhatsApp
- Track orders, payments and sales

Available for Android | 1-month free trial

Everything your counter needs

One app to bill, send, track and report.

WhatsApp & SMS bills

Preview the bill, then send a PDF or text in one tap.

Your brand on every bill

Logo, shop name, address and support number included.

Made for any shop

Ready-made price lists for dry cleaning, tailoring, repair and bakery.

Orders under control

See pending, overdue and unpaid orders. Collect balances in a tap.

Sales at a glance

Daily to monthly sales, top items and pending payments.

Backup & restore

Keep records safe and move phones any time. Cloud backup on request.

See RaseedBhejo in action

From the first customer to the sales report, in four screens.

Three steps to a finished bill

1

Set up once

Add your shop name, logo, address and price list in Settings.

2

Create the bill

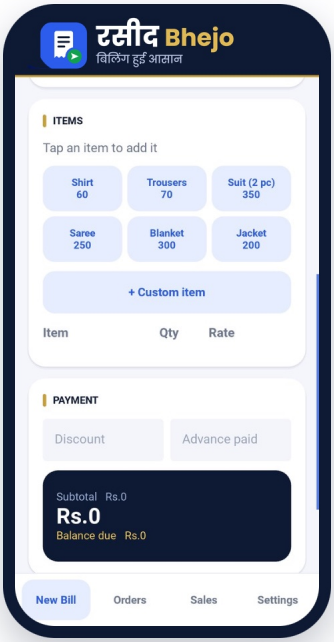

Enter the customer, tap items from your price list, add dates.

3

Review & send

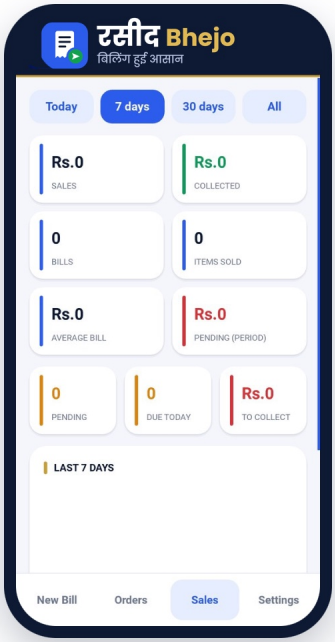

Check the preview, then send a PDF on WhatsApp or a text by SMS.

Four screens, everything covered

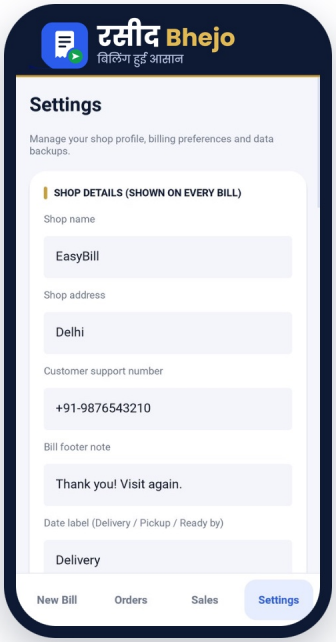

Bill in a few taps

Pick items, set quantities, see the total live.

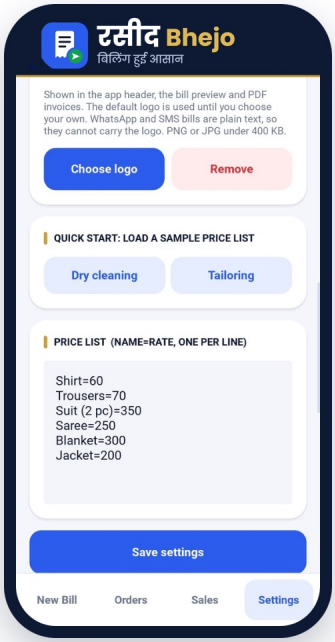

Sales dashboard

Sales, collections, pending payments and top items.

Your shop details

Name, address and support number on every bill.

Logo & price lists

Add your logo or start from a ready-made price list.

Built for busy shops

- ✓ A4 PDF invoices with your logo
- ✓ Send on WhatsApp or SMS after a preview
- ✓ Track pending, overdue and unpaid orders
- ✓ Sales for today, 7 days, 30 days or all time
- ✓ Backup and restore, with optional cloud backup
- ✓ Your data stays on your phone by default
